See and Hear Exhibition 2013

The Exhibition will showcase products and services relating to sight and hearing loss

Special Presentations

Bionic Ear Show

An interactive presentation on how the ear works
Presented by Tobin May Deaf Research UK
www.bionicearshow.org

The Sensory Tunnel

Visitors are able to walk through the pitch black tunnel and experience a taste of life without sight. People can smell freshly mown grass and hear traffic and countryside noises. Under their feet, they can feel a surface that simulates grass and a Braille pavement. They are also able to feel walls made of brick, grass, wooden fencing and wire fencing.

Complimentary EYE Screening

by Shropshire Local Optical Committee
please see separate poster

BSL & Deafblind Interpreters available
Free Shuttle Bus every half hour from Shrewsbury
Train Station first bus 9.30
