## Welcome from the Chair...

Shropshire Disability Network (SDN) was formed in 2008 to provide a friendly, supportive and informative network for people living with disabilities, their families and their carers. The Network covers the whole of Shropshire, which includes Telford & Wrekin.

We are the lead charity for Safe Places Shropshire, which is a scheme that provides short term, safe havens for anyone who may be vulnerable through disability or age.

### SDN Vision

“We are working with our members to ensure that people living with disabilities have the same opportunities, choices and responsibilities as everyone else. We believe that everyone should be respected and treated according to their needs.

Unfortunately, there are still obstacles to overcome. By joining Shropshire Disability Network, you can make a difference.

I look forward to meeting you soon.

Ruby Hartshorn  
Chair
